Art Cologne is an occasion not to be missed either by experts or lovers of contemporary art; it will be opening its 42nd edition with a programme aimed at supporting new art and young talent.

Studio la Città will be present in two different booths, respectively:

- Booth **CO49** will be hosting a solo show of new works by **Herbert Hamak**. In a highly spectacular exhibition he will present a series uniting his highly individual three-dimensional researches into colour, transparency and a new luminescence combined with unusual forms.

- In booth **BO48**, instead, in the context of the exhibition New Talents, Studio la Città will be presenting the latest work by the South African artist **Mikhael Subotzky**: tough portraits shot inside Beaufort West high-security prison.

We will be at the Cologne art fair from 16th to 20th April, from midday until 8 p.m., Koelnmesse GmbH, Messeplatz 1, Cologne.
